RUN

THE

FUTURE

We're ready for you.

TRANSFERRING TO PENN STATE

We are

A COMMUNITY OF MORE THAN

76

THOUSAND UNDERGRADUATE STUDENTS STUDYING OVER

275

MAJORS AT

20

UNIQUE CAMPUSES ACROSS THE STATE

AND AROUND THE WORLD THROUGH THE WORLD CAMPUS, OUR ONLINE LEARNING LOCATION

Join Penn State, and the community impacting the future, today.

As you consider transferring to Penn State know that we're here to help you succeed. And if you're looking for opportunities to do more than just live the future, but shape it, then we're ready for you. At Penn State, you'll join a globally recognized university that ranks among the nation's best for setting graduates up for greater career potential. You'll be part of a community committed to your success, and when you're ready to graduate, you'll join a network of Penn Staters that span the globe, willing to open doors to a lifetime of opportunity.

Run the future. Start planning your transition to Penn State.

These pages outline the application process and timeline for transfer admission. Learn more about:

> **Transfer admission eligibility**
> **Steps to apply to Penn State**
> **Steps to take once accepted to Penn State**

AM I A TRANSFER STUDENT?

You are a transfer student if you have attempted 18 or more semester credits at another college or university after high school graduation or GED completion.

TRANSFER STUDENT ELIGIBILITY

All of Penn State's 275-plus majors are divided among the twelve academic colleges at the University Park campus and the six academic colleges across Pennsylvania. You can complete an undergraduate degree at any of the 20 campuses or Penn State World Campus.
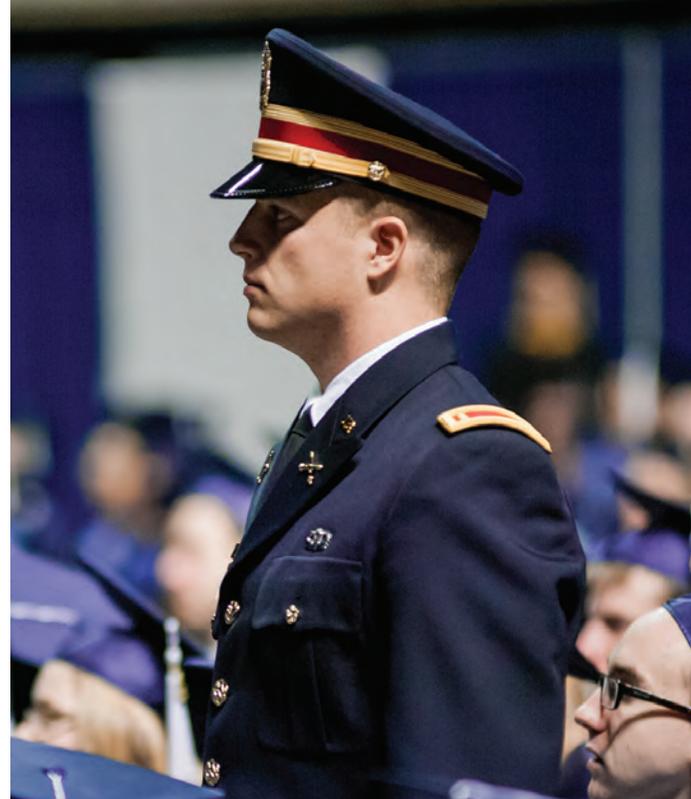

> As a transfer applicant, you are required to indicate a major when you apply, and your application will be evaluated by the standards set by the college in which your selected major is housed.

> Typically, academic colleges require students to have completed any prerequisite coursework with a grade of C or better in order to be admitted into a major.

> Review the transfer requirements for each major at **admissions.psu.edu/info/future/transfer/eligibility**.

> Some colleges have very limited space for transfer students; therefore, transfer admission is much more competitive.

> Not all majors at Penn State are open to transfer students.

APPLICATION REVIEW PROCESS

The application review of a transfer student is based on the student's work at their previous institution. Transfer applicants that meet the necessary requirements and application deadline are eligible for review for transfer admission.

> University Park: minimum of 2.5 grade-point average, though some majors have higher requirements. *

> For campuses other than University Park: minimum 2.0 grade-point average, though some campuses and majors have higher requirements.

> Individual majors and/or campuses may require an audition, portfolio, or interview as part of the application.

> Special consideration may be given to adult learners and active duty military/veteran students when making the admissions decision.

* Note: students with less than four full-time semesters of college coursework by the time they wish to enroll at University Park will be referred to another Penn State campus until they have completed the required coursework; at which point, they will be eligible to transition to University Park to complete their degree.

Penn State is recognized by many prominent publications and organizations as a MILITARY-FRIENDLY UNIVERSITY. If you are an active member of the armed services or a veteran, you will have access to a wealth of services to support you.

If you are an actively serving member of the armed services or a veteran, you will also be classified as an adult learner. To learn more about applying as an adult learner, you may visit **admissions.psu.edu/info/future/adult.**

We'll meet you where you are.
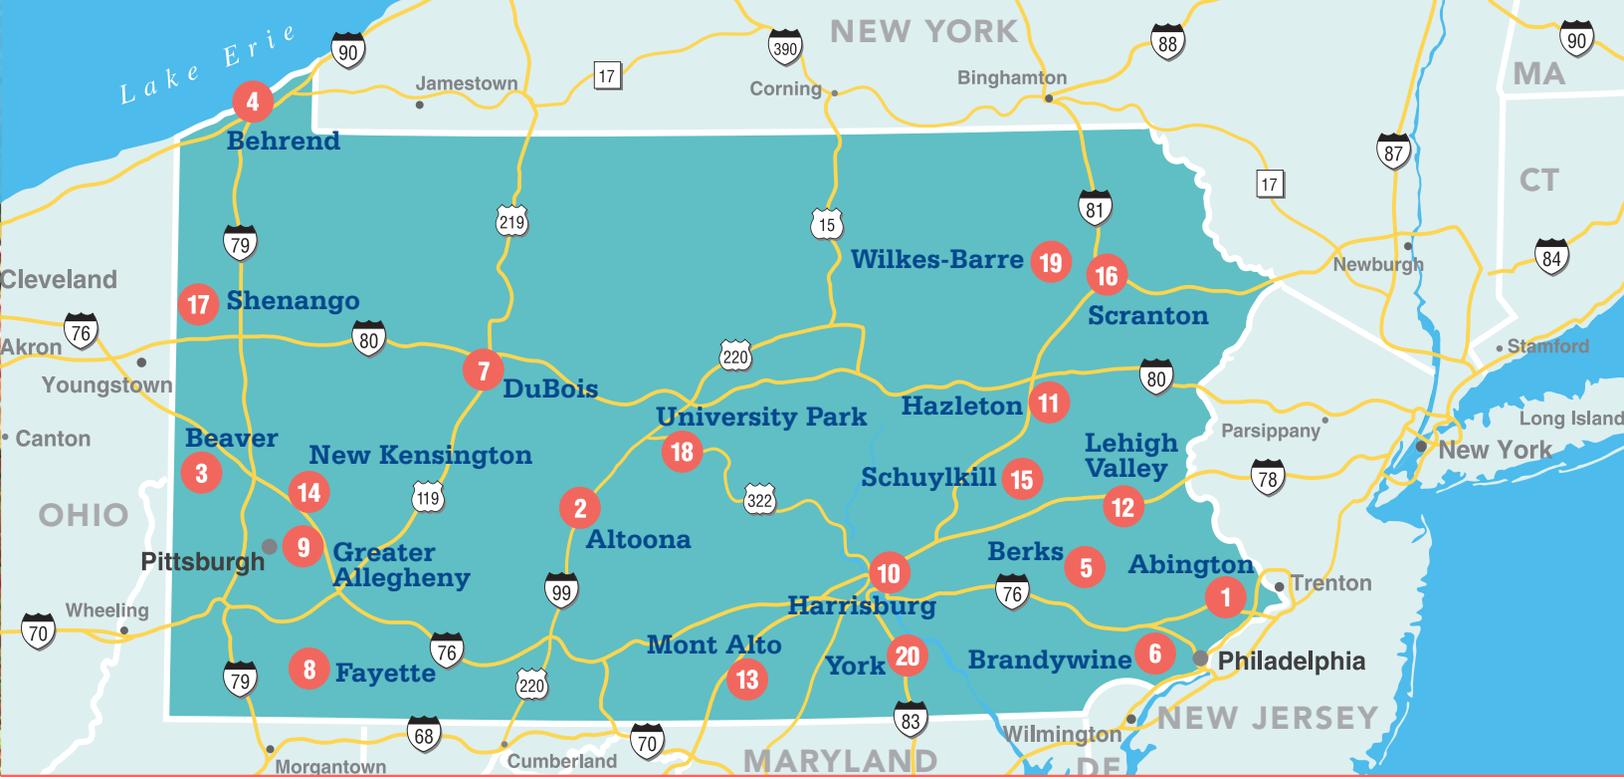

CHOOSING A PENN STATE CAMPUS AND PROGRAM

There is only one Penn State. And the path toward a Penn State degree can start wherever is right for you. We're equipped to meet the needs of the modern-day student through tailored learning options and the resources of 20 campuses and the World Campus.

▶ **20 campuses** across Pennsylvania in unique community settings and an online World Campus

▶ **Not limited by physical location** – we have 8,500 faculty across all campuses who collaborate to offer the same high-quality curriculum regardless of which campus you attend

▶ **Four-year degrees** at every campus

▶ **Two-year degrees** at 19 campuses

▶ **Engaged learning opportunities** capitalizing on campus partnerships with local business and industry

▶ **Clubs, organizations, and athletic teams** at all locations

7,127 INTERNATIONAL STUDENTS

"I came to Penn State Lehigh Valley because I've always wanted to be part of something that inspired others to achieve their full potential. To become part of the Penn State family was a dream that I thought could never be obtained."

— DANIEL OMRON
Corporate Communication major, Penn State Lehigh Valley

We'll set you up for success.

MAJORS TO MATCH YOUR INTERESTS AND LOCATION

Regardless of which major you decide to go with on this list, you'll benefit from a learning environment that is collaborative and spans disciplines. You'll learn from the views and knowledge of others while sharpening your own critical thinking skills.

Why does this matter?
Employers will take notice.

BACCALAUREATE (FOUR-YEAR) DEGREE PROGRAMS

▸ Many campuses offer similar majors. Choose the campus and the major that will work best for your individual needs and interests.

▸ Majors offered through the World Campus, Penn State's online program, must be started and completed through the World Campus.

▸ Each major has its own unique requirements for admission. Admission is not guaranteed to any program. For a list of each program's requirements please visit the transfer eligibility web page: admissions.psu.edu/info/future/transfer/eligibility/

Take your next steps.

APPLYING TO PENN STATE

Transfer applicants to Penn State are evaluated primarily on the strength of their college transcript(s).

Penn State's admission application is available online at:

admissions.psu.edu

Steps to apply as a transfer student

1 **Step 1: Review requirements**

Review transfer requirements for your intended major and campus at **admissions.psu.edu/transfer**.

2 **Step 2: Set up your MyPennState profile**

This profile allows you to apply online, check your application status, accept your offer, and schedule a visit.

3 **Step 3: Complete an application**

The online application is fast, easy, and secure. There is a nonrefundable $65 application fee. The fee is $75 for international students.

4 **Step 4: Send in official college transcript(s)**

Transcripts are required from all colleges where courses were attempted. Transcripts must be sent directly from the college to Penn State to be considered official. If applicable, please submit your current class schedule.

5 **Step 5: Check your MyPennState checklist**

You can find updates on the status of your application review and decision in MyPennState.

OTHER THINGS TO CONSIDER:

—The SAT/ACT is NOT required for transfer applicants.

—International students whose native language is not English must also submit proof of English language proficiency.

—If you are an active duty military member or a veteran of the armed forces, please visit the Penn State Office of Veteran Programs website for additional information: **equity.psu.edu/veterans**.

—The Prior Learning Assessment website has resources for how students can earn Penn State credit for prior experiences (i.e. college courses, portfolio, military service, credit by exam, etc.).

Visit **priorlearning.psu.edu** to learn more.

APPLICATION REVIEW PROCESS

The application review process for transfer admission is unique for each student and varies based on a number of factors.

While we make some admission decisions when students are still completing courses at another college or university, we often require that final transcript from that institution prior to making a decision.

We will contact you if we need your final transcript to make your admission decision.

When to Apply for Admission

▶ **For Summer or fall semester admission:** Applications open August 1 for the subsequent summer or fall

▶ **For spring semester admission:** Applications open June 1 for the following spring

▶ **For more detailed information on application dates, visit admissions.psu.edu/apply/deadlines**

Applying for financial aid

**Financial aid—whether in the form of loans, grants, work-study, or scholarships—can be an important part of putting a Penn State degree within reach.**

▶ The first step of the financial aid application process is to submit the **Free Application for Federal Student Aid (FAFSA)** via **studentaid.gov**. Penn State's federal school code for the FAFSA is **003329**.

▶ If you are planning to transfer to Penn State, notify your prior school that you will not be returning. If you have already completed the FAFSA, call the **Federal Student Aid Information Center, 800-433-3243**, to request that your FAFSA be released to Penn State.

Explore Penn State scholarships and view more information about the University's financial aid process at: **studentaid.psu.edu**

69%
UNDERGRADS
RECEIVE
FINANCIAL AID

MORE THAN
1BILLION DOLLARS
TOTAL AID AWARDED

SCHOLARSHIPS

All students who are offered admission and submit a FAFSA are considered for scholarships awarded by the Office of Student Aid. Some academic colleges, campuses, and other administrative units require separate applications.

TUITION AND COSTS

Penn State's Board of Trustees sets tuition each July for the upcoming academic year. You are encouraged to estimate your costs using the College Cost Calculator at **tuition.psu.edu**, since tuition rates vary by campus and student level.

▶ When a student has completed 59.1 or more course credits, including credits transferred from another institution, they are considered an "upper division" student.

How Penn State Transfers Credits

We know a major concern for transfer students is if and how previous course work is going to transfer to Penn State. To understand how Penn State transfers credit and to search for the transfer evaluation of course work at other institutions, visit: **admissions.psu.edu/credit**

If accepted, students will receive an evaluation of transferable credits. This evaluation will outline the awarded credit, but the academic unit to which the student has been admitted will determine how credits will be used to fulfill degree requirements in a student's program of study. For more information about degree program requirements: **bulletins.psu.edu**

Accepted Students Next Steps

1 **If you are admitted**, your MyPennState profile will be updated with an offer of admission, which you can accept online. You also will be sent a letter and general information on course transfers.

2 **After you accept your offer**, have your final high school transcript sent as verification of high school graduation, then contact your campus or academic college to inquire about:
—academic advising and course scheduling,

—transfer student orientation,

—how transferred courses will apply to your degree.

3 **Have your FAFSA sent to Penn State**, if you have not already done so.

4 **Contact the housing office at your campus of admission** to explore housing options available to you.

5 **Before classes start, visit your campus to obtain**:
—a Penn State ID and a student computer account,

—a parking permit, if necessary.

6 **Explore LionPATH, Penn State's student information system**:
—review financial aid awards,

—schedule classes,

—receive your bill and pay your tuition and fees.

7 **View Your Suggested Academic Plan.** You can view information about academic majors, including Penn State's suggested academic plans at **bulletins.psu.edu/programs**.

8 **Review the academic calendar**, campus maps, bus schedules, and other useful University materials.

To estimate your costs to attend Penn State, access the College Cost Calculator at **tuition.psu.edu.**
